

HELP US HELP YOU!

The *Kentucky Law Enforcement* magazine staff is looking for law enforcement and telecommunication professionals from around the state willing to be contacted no more than four times a year via e-mail as members of an informational focus group.

In our efforts to reach law enforcement and public management audiences across the state, we value your input. From time to time, that may be an e-mail asking about special projects or individuals attempting a new approach to common problems in your area. Other times, we may ask you how we can improve the *Kentucky Law Enforcement* magazine. And, of course, we are always searching for new and innovative story ideas.

If you are willing to add your e-mail address to our contact list and correspond with us to improve the content we offer the law enforcement community, please click on the e-mail below to contact *Kelly Foreman*.
